Blackthorn Lake – No.4

Lounge

A spacious, open plan design means you'll always have plenty of space to spread out and relax, and with a stylish mix of plush, luxurious fabrics, and freestanding sofas that you'll just want to sink

into, the Salisbury never feels anything other than cosy. There's a stylish media wall so you can relax and watch a movie or your favourite show. Then there's shaker-style panelling and pendant lights for a touch of class, and big double doors so you can enjoy the view and let the sunshine stream in.

Blackthorn Lake – No.4

Kitchen dining area

The stylish modern kitchen is the heart of the Salisbury. The kitchen dining area is designed to be a social space, with the U-shaped kitchen opening out onto a cosy dining area with a round table and comfy chairs.

There's a fitted gas cooker, integrated microwave and fridge, and plenty of clever storage space like full-depth pan drawers. And if washing up is still a chore even with the high-level window above the impressive composite sink, you can always upgrade to an integrated dishwasher.

The lovely thing about the open plan design is that everyone can be together, whether they're watching TV or cooking a meal.
